

# ELRM-100S

## Steel LED Running Man Sign with Battery Backup

FEATURES	
Power (W)	1 W
Lamp Type	LED strip
Input Voltage	120-347 VAC
Frequency	50/60 Hz
Battery Type	NI-Cd
Working Time	120 Minutes
Charging Time	24 Hours

### DESCRIPTION

- Durable steel housing
- Wall, side and ceiling mountable
- Input Voltage: 120 - 347VAC 50/60Hz
- LED technology
- Nickel Cadmium Battery
- Test switch and charge indicator light
- Overcharge & Over-discharge protection
- Backup time: 120 minutes
- Suitable for damp locations
- Operating Temperature:  
5 °C ~ 30 °C / 41 °F ~ 86 °F
